## Artist Biography

Angel Kwan, a Hong Kong-born artist who now calls Scotland her second home. Influenced by the contrast between a fast-paced city upbringing and the slower rhythm of life in Edinburgh, her work blends oriental heritage with Scottish culture, expressing warmth, humour, and a quiet sense of belonging.

Established in 2022, Calligraphy AK presents illustrated collections including the Art History Series, the popular Tartan Coo range, and Cityscape works of Edinburgh and beyond. Further inspirations come from galleries and museums, cathedrals and chapels, schools and universities, and independent bookshops, making the collections well suited to museum shops, gallery stores, and cultural gift retailers. All designs are available as original artworks and as high-quality paper and fabric goods.

*Her art aims to offer a sense of optimism and humanity, inviting viewers to live for the moment.*
